**C. Causes of Action** (You may attach additional pages alleging other causes of action and the facts supporting them if necessary.)

**Count 1:** The following civil right has been violated: Cruel And Unusual  
(E.g., right to medical care, access to courts,

Punishment of Deliberate Indifference  
due process, free speech, freedom of religion, freedom of association, freedom from cruel and unusual punishment, etc.)

**Supporting Facts:** [Include all facts you consider important to Count 1. State what happened clearly and in your own words. You need not cite legal authority or argument. Be certain to describe exactly what each defendant, by name, did to violate the right alleged in Count 1.]

cruel and unusual Punishment.

of Inadequate medical care due to a  
medical Emergency this Plaintiff had on June 26, 2007  
I had my surgery on June 18<sup>th</sup>, 2007 and  
my surgery ruptured and hemorrhaged, for  
over 12 hours before Calipatria medical  
decided to send me to outside Hospital;

I'm now having serious medical complications behind  
this delay in Adequate medical care, when  
my Emergency was clear only a Doctor could help  
this Emergency of a ruptured Surgery.

(see Supporting Documents Attached and  
marked Exhibits A, A1, A2, A3, B, C, D, E, F, G, H, I  
J, K, L.

Count 2: The following civil right has been violated: Due Process  
(E.g., right to medical care, access to courts,

due process, free speech, freedom of religion, freedom of association, freedom from cruel and unusual punishment, etc.)

Supporting Facts: [Include all facts you consider important to Count 2. State what happened clearly and in your own words. You need not cite legal authority or argument. Be certain to describe exactly what each defendant, by name, did to violate the right alleged in Count 2.]

my Due Process Is being violated by  
Fremwood appeals Coordinators. D. Holbrook,  
L. Bonnet. Because this Plaintiff has  
complied with every request made from these  
Coordinators In order to Exhaust all Remedies  
In Accordance to 42 U.S.C.A 1997 e(2).

I have diligently complied with all Request  
In timely manner as well as Explaining my  
Request Regarding Grievance but have been  
constantly denied And screened out From  
appealing my 42 U.S.C.A 1983 Complaint.

Please see Attached Exhibits And  
Supporting documents titled 602 And 695 Form  
and Responses.

Due to the Appeal Coordinators not allowing  
me to Get A Formal Response ON my Grievance  
with A Verified Log # is Hindering my Due  
Process efforts to Exhaust in Accordance  
To 42 USCA 1997 e(2).

Please Note This Inmate Plaintiff filed A  
602 ON 4-1-08 And To the date this Complaint  
has been filed NO Answer OR Response has been  
made And this Plaintiff clearly explained 42 U.S.C 1983  
Complaint. Even with Response ON 695 Form dated  
4-22-08. Please see Attached documents. And  
Exhibits.

**D. Previous Lawsuits and Administrative Relief**

1. Have you filed other lawsuits in state or federal courts dealing with the same or similar facts involved in this case? ☐ Yes ☒ No.

If your answer is "Yes", describe each suit in the space below. [If more than one, attach additional pages providing the same information as below.]

(a) Parties to the previous lawsuit:

**E. Request for Relief**

Plaintiff requests that this Court grant the following relief:

1. An injunction preventing defendant(s): From ever allowing the Inmate To Suffer After Hemorrhaging From A Serious Surgery.  
Also I'm requesting compensatory and punitive damages, for the medical complications I'm still suffering.
2. Damages in the sum of \$ \_\_\_\_\_.
3. Punitive damages in the sum of \$ \_\_\_\_\_.
4. Other: \_\_\_\_\_

**F. Demand for Jury Trial**

Plaintiff demands a trial by ☒ Jury ☐ Court. (Choose one.)

**G. Consent to Magistrate Judge Jurisdiction**

In order to insure the just, speedy and inexpensive determination of Section 1983 Prisoner cases filed in this district, the Court has adopted a case assignment involving direct assignment of these cases to magistrate judges to conduct all proceedings including jury or bench trial and the entry of final judgment on consent of all the parties under 28 U.S.C. § 636(c), thus waiving the right to proceed before a district judge. The parties are free to withhold consent without adverse substantive consequences.

The Court encourages parties to utilize this efficient and expeditious program for case resolution due to the trial judge quality of the magistrate judges and to maximize access to the court system in a district where the criminal case loads severely limits the availability of the district judges for trial of civil cases. Consent to a magistrate judge will likely result in an earlier trial date. If you request that a district judge be designated to decide dispositive motions and try your case, a magistrate judge will nevertheless hear and decide all non-dispositive motions and will hear and issue a recommendation to the district judge as to all dispositive motions.

You may consent to have a magistrate judge conduct any and all further proceedings in this case, including trial, and the entry of final judgment by indicating your consent below.

Choose only one of the following:

☒ Plaintiff consents to magistrate judge jurisdiction as set forth above.

OR

☐ Plaintiff requests that a district judge be designated to decide dispositive matters and trial in this case.

complaint. 42 U.S.C 1983

L. Bonnett Inmate Appeal Coordinator

To The magistrate Judge of United States  
District Court of Southern California.

This Plaintiff Robert Lionel Sanford is  
Now Submitting this Declaration and Explanation  
of Attached Supporting Documents.

This Plaintiff has made every effort to  
properly Exhaust this complaint according to  
42 U.S.C.A 1997e(a) and PLRA

My 602 Appeals have constantly been screened  
out by The Inmate Appeals Coordinators. Here  
At Ironwood State Prison. See Exhibit (A) (-A1, A2, A3)

Regarding my complaint 42 U.S.C 1983

against CALIFORNIA STATE PRISON FOR NOT

sending me the Plaintiff in this declaration. To A Outside Hospital IN A Reasonable Time. Due to this I was made to Indure unnecessary Pain And suffering For A medical Emergency. ON June 26 2007 And June 27, 2007 See Exhibit E, F, G These Supporting Documents Explain the massive And Serious Medical Emergency I suffered Due to A earlier Surgery Plaintiff had ON June 18, 2007 For A chronic Sinus Problem.

See Exhibits B, C, D they are medical Reports that lead up to June 26, 2007 massive Hemorrhage after the Surgery ruptured. Exhibit A Z There was no Reason For Calipatrias medical Staff to Delay my transfer For over 12 hours when it was clear I needed A Doctors care.

This is A clear Violation of IN Adequate Health care that has Put this Plaintiffs Life IN danger of Life aswell as other complications that Plaintiff believes is Due to this Deliberate Indifference BY LVN R. Soutell Nurse Practitioner S. Thomas, also CMO DR Levin and all other Defendants mentioned IN the 42 USC 1983 Complaint.

This violated this plaintiffs United States Civil Rights under the 8th Amendment according to Deliberate In Difference For not providing Adequate Medical care in a timely manner to prevent unnecessary Pain And Suffering. For A Serious Medical Emergency.

Plaintiff Filed A 602 ON this issue initially ON 2-28-08, This Grievance was Screened out, Plaintiff then Filed Another Grievance in compliance with Answering 695 Form. AND IT WAS Screened out according to CCR 3084.6 (c). 602 Dated 3-16-08

Plaintiff then Explained every matter Again with A 602 appeal explaining 42 USC 1983 Civil Right Violation. AFTER Returning CDC 695 Form Explaining every Detail ON 4-22-08 The Ironwood Appeal Coordinators have [Not] Responded OR will [NOT] they even Answer my Appeal in A timely manner. And Due to this Violation of my Constitutional Right of Due Process under the 6th And 14th Amendment Its clear The Ironwood Appeal Coordinators Are Violating their own Rules in accordance to CCR 3084.6 (a)(b)(1)(2) 3 OR 3084.5 (a) 3.

This Plaintiff has exercised effort to Due Diligence to be in Accordance to 42 U.S.C.A. 1997e(a) And If this is Required For this Court to proceed with this Complaint, through properly - exhausting my 602 Grievance Dated 4-1-08 SEE Exhibit A, A1, A2

Plaintiff Request this Court issue A Mandate order that Requires the Ironwood Appeal coordinators properly Give my Appeal 602 Dated 4-1-08 A Log number And Informal or Formal Answer to why I was allowed to suffer for over 12 hours for A Hemorrhage Due to A surgery that Ruptured.

And A Answer that is In Accordance to Federal And State Rules.

In order to have Due Process of this Grievance Procedure. to Exhaust Administrative Remedies According to 42 U.S.C.A 1997e(2) I SEE Exhibit A ]

The Attached CDC 695 Form is my Latest Response Answering all Questions And In Compliance with all Rules. But Appeal coordinators

WILL [NOT] ANSWER THIS RESPONSE  
IN A TIMELY MANNER DATED 4-22-08.

THIS PLAINTIFF IS NOW SUBMITTING  
THIS DECLARATION AND EXPLANATION OF  
DOCUMENTS, EXHIBITS, AND RESPONSES.

PLAINTIFF SUBMITS THIS 42 U.S.C. 1983  
COMPLAINT. FOR INJUNCTIVE RELIEF  
IS AUTHORIZED BY 28 U.S.C. SECTION  
2283 & 2284 AND RULE 65 OF THE  
FEDERAL RULES OF CIVIL PROCEDURE.

ALSO BECAUSE THIS PLAINTIFF IS  
SUBJECTED TO STATE LAW REGARDING  
DUE PROCESS OF EXHAUSTION. THIS  
COURT HAS JURISDICTION OVER PLAINTIFFS  
STATE LAW CLAIMS UNDER 28 U.S.C.  
SECTION 1367.

FURTHERMORE THERE IS BELIEF DUE  
TO A RECENT DIAGNOSIS. THIS PLAINTIFF  
HAS BLOOD DISORDERS, THAT MAY  
HAVE BEEN CAUSED FROM THE MASSIVE  
HEMORRHAGE ON 6-26-07 6-27-07

PLAINTIFF BELIEVES IF CALIFATERAS MEDICAL  
STAFF HAD [NOT] ACTED WITH DELIBERATE  
INDIFFERENCE TO THIS PLAINTIFF'S MEDICAL  
EMERGENCY, IN A TIMELY MANNER  
PLAINTIFF WOULD NOT BE SUFFERING

The medical complications I'm still having even to this day. Due to this plaintiff is making this 42 U.S.C. 1983 claim because there is no other recourse for plaintiff to remedy what plaintiff is currently suffering. Plaintiff will always have to live with this irreparable harm of medical complications, such as nausea, constant headaches, irregular swelling of throat, and the constant taste of blood, shortness of breath, anemic disorder as well as other blood issues I'm steadily being tested for. (see exhibit L)

For this plaintiff has to live with this fact of belief that it may have been possible for me to not have those medical complications if California medical staff would have sent this plaintiff to a doctor who was qualified to handle this type of medical emergency within a reasonable time — to re-pack the surgery rupture. Instead the medical staff allowed plaintiff to hemorrhage coughing up blood clots and bleeding profusely from

Nose, mouth and Eyes. (see exhibit E

LVN R. Soutell was the intensive  
care LVN handling this Hemorrhage  
on 6/26/07 and 6/27/07. And  
It was clear to LVN R Soutell  
that Plaintiff was severely suffering  
And LVN Soutell could not  
offer or help provide necessary  
treatment to stop the Hemorrhage.  
LVN Did have Authority for  
the welfare and safety of inmates  
in her care to call transportation  
to have Plaintiff sent to outside  
Hospital, But she refused to make  
this judgement for unknown  
reasons. See Exhibit F

R Soutell's Report on 6/26/07 and  
6/27/07.

Nurse Practitioner S. Thomas  
Gave her version of the incident  
on 6/27/07 after she arrived

At work, NP S. Thomas  
 Immediately had Plaintiff  
 Shipped out to PMH  
 Pioneer Memorial Hospital, But  
 she told nurse Sowtell over the  
 phone to hold me at prison.  
 For unknown reason.  
 See Exhibit H

 Declaration and Explanation  
 have a Cover Page Explaining  
 Documents.

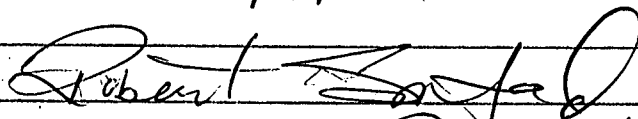

I certainly Pray to the  
 God In Heaven.

That this Court will see how  
 this Plaintiffs civil rights under  
 the United States Constitution have  
 been violated according to the  
 8th Amendment § 6th and 14th.  
 as to the Due Process violation  
 of Ironwood State Prison Appeal  
 Coordinator. For [Not] Allowing  
 Plaintiff to Exhaust properly through  
 CDCR Grievance Process to be in  
 Accordance to 42 USC 1997e(a) see  
 Exhibit A, A1, A2, A3 which have  
 supporting Facts to show Plaintiffs  
 Due Diligence in Appealing this  
 Claim. For 42 USC 1983.

## Verification

I have read the foregoing Complaint and hereby verify that the matters alleged in information and belief, and, as to those, I believe them to be true.

I certify under penalty of perjury that the foregoing is true and correct. Executed at Ironwood State Prison

( Please keep all attached copies in place )  
Also Exhibits. Thank You.

- 1) This is Robert L Sanford V-25176 D-3 2062 is now responding to your CDC 695 FORMS. Dated 4-7-08 3-19-08 also 3-20-08.
- 2) I'm first explaining to your request on 4-7-08 to which I DID answer too. I explained in my new 602 Dated 3-16-08, you sent this 602 back attached to CDC 695 Form dated 4-7-08 IT is included in the exhibit A I'm adding. A new exhibit titled exhibit (A1) AND NOW in both attached exhibits I (HI listed) the explanation in yellow along with my signature and date. The exhibit A has a APRIL 11 stamp date. NOTE: I DID comply with your request and explained my reason for not being able to file this Grievance sooner.
- 3) You can also look at new exhibit (A1) And 602 filed 4-1-08 the same explanation also applies, See page 3 (12/13/14) This answer is in compliance with CDC 695 Form request. Although I filed (3) 602s 2-28-08, 3-16-08 and 4-1-08
- 4) In the 4-1-08 602 I made a Civil Rights claim under 42 USC 1983 for Deliberate Indifference, Due to my Constitutional Rights being violated, my 8th Amendment Right under the United States Constitution was violated. When I was not given adequate medical care on 6-26-07. For I was not taken to a medical facility, within a reasonable time, after CAH Patrol as medical staff realized only a qualified physician could treat my serious medical emergency. 6/27/08 (NOTE new documents supporting all claims) exhibit C B-1
- 5) I was then made to endure severe pain and suffering for over 12 hours, when the medical staff was well aware of me just having a major surgery on 6-18-07
- 6) Please see new documents that support this claim now marked exhibit (A2)

#2  
7) Please note that I also made a request to receive supporting documents from medical file. But have not been able to review medical records for they have not acknowledged my request. My latest request is now marked as exhibit A3 which is now attached to this CDC 695 Form Response

See request for interview also, also on review for and 602 that will be dismissed if I can receive the rest of my supporting documents.

I filed this request and 602 on 4-1-08 and I still have not heard anything as to when I can review file. This constitutes a due process violation of my 6th and 14th Amendments under the US Constitution

8) I also want to make the Appeals Coordinator aware of the fact I never received or seen CDC Form 695 Dated March 20, 2008.

9) And when this form stated they were forwarding my 602 ~~Complaint~~ to Calipatria, This was the first time I was made aware of this action.

10) I now would like to know what day these documents were forwarded to Calipatria?

11) In answer to your time limit lapse reply under CCR Rule 3084.6(c).

12) Due to this complaint being a civil matter according to 42 U.S.C. 1983 See 602 Dated 4-1-08 exhibit (A1) see Estelle v Gamble 429 U.S. 97 10 Farmer v Brennan 511, U.S. 825, 336, (1994)

13) For the fact I had a surgery for a chronic sinus problem with polyps, the surgery was a Sino-plasty and tonsillectomy. See supporting documents Exhibit (A2) Also new documents supporting facts

14) The surgery ruptured and started hemorrhaging this was a very serious medical emergency which the medical staff at Calipatria. Could not handle neither were they equipped to treat this type of emergency and due to their neglect

- 15.) To send me to A Outside Hospital, I was Forced to endure severe Pain And Suffering. For over 12 hours.
- 16.) Im still having complications ~~due~~ to the ex-patrias medical not sending me to A Hospital within A Reasonable Time.
- 17.) Im now having Irregular Weight Lost, Headaches, Nausea, dizziness, Shortness of breath. Also Irregular Swelling of Throat.
- 18.) And For Any Medical Staff to Allow A person who just had Surgery That Ruptured And then Allowed them to Bleed For over 12 hours is Definitely A Very Dangerous Business Practice.
- 19.) When it became clear that only A Doctor could Treat my emergency, And provide the necessary treatment  
 See *Durmer v. O'Carroll*, CA (3) (NJ) 1993 991 F.2d 64. See also *Taylor v. Bowers* CA 8 (MO) 1992, 966 F.2d 417, 113 S.Ct 394, 121, LEd 2d 302.
- 20.) AND There is ALSO NO Bar For me Filing This Complaint IN A Timely manner according to 28 USC 2254 and also 42-USA 1983 within A one year period after discovering it was A civil Rights violation. of my Constitutional Rights. *Hardin v. Straub* March 1989, 109, S.Ct 1998, 490 U.S 536, 104, LEd 2d 582, 378, F.2d 382.
- 21.) AND Two years Limitation under *Marks v. Parra* CA 9 ARIZ 1986, 785 F.2d 1419.
- 22.) So I now - Ask you please to Give my 602 Complaint A Log # And A Informal response So I can proceed with my Due Process of this System

Your appeal is being returned to you for the following reasons:

There has been too great a TIME LAPSE between when the action or decision occurred and when you filed your appeal with no explanation of why you did not or could not file in a timely fashion. The time limit expired per revised CCR 3084.6 (c)(15 days).

Comment:

Mr. Sanford, screening documents are permanent appeal attachments. In the future, please do not remove any prior screening documents or attachments. As previously advised, your appeal unfortunately does not meet the time constraints set forth in Title 15. If you are experiencing problems with your medical treatment at this time you may file an appeal regarding only that issue. According to Page 5 of your supporting documentation, you state you have already filed grievances regarding the current problems you are experiencing. Please do not resubmit this particular appeal or it will continue to be screened out.

NOTE: This screening action may not be appealed unless you allege that the above reason(s) is inaccurate. In such case, return this form and your appeal to the Health Care Appeals Office with the necessary information.

I am now submitting this Claim Due to A Ruling of my 602 Dated 2-28-08 Tracking # I A-28-2008-00904. That was Denied Due to Directors Rule Time Lapse.

CCR 3084.6 (c) 15 days (Please see Exhibit "A"

602)

For the seriousness of the matter described in 602 appeal now exhibit "A" and the Arbitrary Rule NOT To address the Complaint on merits.

Clearly makes this New Complaint A Criminal Liability For Concealing Dangerous Practices.

California Penal Code 387 (2) (1)(2)

And Because It is A Fact this Petitioner Bleed From A Hemorrhage For over 12 hours, The Bleeding started on 6-25-07 And Did NOT STOP until Finally Rushed To outside Hospital on 6-26-07. It was caused From A previous Surgery on 6-18-07 - Because Petitioner was In severe Pain and suffering this also contributed to Petitioner Not Able to file within A 15 day period. also Transferred along with the high dosage of Pain medication contributed to my inability to appeal this serious matter and the necessary Research needed to Bring A effective Complaint against The Director And Chief Medical Officer. *4-22-08*

And Due To The Fact of the Circumstance just described "DID" have the imminent Risk of Great Bodily harm or Death. Penal Code 387 (1) (A) (B)(5)(6)

- should have made a judgment decision to send me to a physician who they realized they could NOT provide the NECESSARY treatment they could have STOPPED. The bleeding and the Pain AND Suffering I had to endure. For the INadequate medical care. on the date mentioned.
- 3) And Now Im making this Branch Aware that Im claiming that my civil Rights were violated under the 8th Amendment For Deliberate Indifference of Inadequate Health care - which constitutes Negligence. -
- 4) For NOT sending me to A Outside Hospital In A Timely manner. after "knowing" there was nothing they could do without A qualified PHYSICIANS help. Because I was NOT sent to A Doctor In A Timely manner I suffered severe Pain From the constant Flow of Blood.
- 5) And Because I have tried to make this claim with explanation, by using the COER Grievance Forms I have been Denied And treated Indifferently. And I have no other Recourse But to respond with this Formal complaint. Now claiming A CIVIL Rights violation, According To 42-U.S.C.A 1983
- 6) The Problem I claiming was. Due to A Hemorrhage that started ON June 25, 2007. The reason the hemorrhage started was Due to A Recent Surgery ON 6-18-07 AT Alvarado hospital By Dr. Weeks.
- 7) After being Allowed to Bleed Profusely for over 12 straight hours. Along with severe Pain And Suffering. The medical staff at Calipatria STA Prison, Acted with Deliberate Indifference by NOT providing Adequate Medical care For A emergency situation. Which is A clear violation of my Civil Rights. according to 42 U.S.C.A. 1983.
- 8) Because of the Inadequate health care. Im now suffering from painful side effects of Irregular Swelling In my throat also coughing up Blood, Nausea, Along with constant Headaches, Ive also recently been diagnosed with A Anemic disorder, And have the frequent taste of Blood Inside my mouth. that causes me extreme discomfort. NOT only Physically But Psychologically. Because Im afraid the medical might allow me to bleed to death If I start bleeding like I did before.
- 9) I have had Real Health concerns since that emergency situation ON 6-25-07 - 6-26-07. My health certainly diminished, I suffer with Shortness of Breath, chest pains, also irregular weight loss. AND all of this is Due to the Inadequate Health care treatment I received ON 6-25-07 - 6-26-07.
- 10) When ever I explain these issues. To the physicians here at Ironwood OR LVN's. And I have consistently tried to make the CDC medical staff aware of all my Medical concerns, And when Im treated for what ever medical complaint At that time. Im only given some Aspirin or pain pills. And when I mention the cause of some of these problems may have been From the massive Blood lost I suffered ON 6-25-07 - 6-26-07. The Ironwood medical staff Ignore my mention AS if that is A insignificant matter.

Case 3:08-cv-01049-H-PCL Document 1 Filed 06/11/2008 Page 38 of 38  
11) I have also had follow ups with the Dr weeks performed the  
Surgery on 6-18-07 I was seen By Dr weeks on 9-1-07  
And AGAIN ON 1-8-08 And was Prescribed (TRIPLE MIX ON 9-1-08  
I was Prescribed Prevacid on 1-8-08 For the Blood taste And Head,  
which Dr weeks said MAY be caused by Acid Reflex.

12) I would have complained of this problem sooner if I had known  
this was A CIVIL RIGHTS VIOLATION, OR EVEN the POSSIBLE knowledge of  
it being this serious. Because In my Previous 602 I stated  
the fact I was In severe Pain And was given HI doses of Medical  
Including Navacone, Vicadin and triple mix as well as medications  
I cannot Pronounce. And Due to the medications and the pain  
and suffering, I was unable to raise A claim of this magnitude.  
Since Im unknowledgable of the law or Laws In Question.

13) And upon Being Released From Calipatria Hospital ward I was sent  
directly to Ironwood State Prison, And was Told all my Medical  
concerns will be now handled by Ironwood Medical staff.

14) So upon me requesting to know why Did Calipatria Medical staff  
allow me to suffer For more than 12 hours without sending me  
To A outside Hospital. The Ironwood staff on 2 different Appeals have  
been screened out my Request Also allegations of Criminal Liability  
For Dangerous Business Practices under CALIF P.C. 387 OR P.C. 7.5)  
"Knowledge" Please see attached exhibit A and B Regarding 602 and  
issues I tried to have heard on the merits. with no result. Because of the  
Ironwood staff screening out appeals.

15) As Described earlier In Appeal I explained I had Surgery For A sinus problem  
on 6-18-07 also A Tonsillectomy on the same date. ON 6-25-07 I started  
hemorrhaging From surgery that ruptured. After trying to stop Bleeding  
me and my Calie Anyor D-gizog over 30 min. we then Notified Bldg staff  
AT Calipatria. And because of Delay of Medical Response It took over  
45 minutes Before medical staff Responded. (see exhibit A3 B1 For  
more detailed explanation) AFTER finally Being rushed to the Emergenc  
Room AT Calipatria. Per Sgt Lewis Request And C/O Figueroa.  
LVN Garcia was able to slow the Blood For A Brief moment, But sent  
me to hospital ward for close observation after the blood continued  
To Flow with blood clots LVN Sosa called the on call Doctor C. Thomas  
But said she was Told to hold me until the morning even though  
I was In Pain and Bleeding From mouth And Nose. IT was clear I  
needed A Doctors help. And LVN Sosa. Knew this. AFTER her Relief  
Arrived the next morning she immediately rushed me back to medical emerger  
And then other Medical Staff insisted I Be shipped out to outside  
Hospital (staff that complained was ME. Benaga- Bugarin, Dr Blanche  
and all the LVN's on duty of the morning In Question 6-26-07.  
I was then Rushed to Brawley Memorial where the Doctor there was Able  
to Repair the ruptured Surgery. (see new supporting Documents and Reports.

16) This is Proof that CDCR Is In Violation for Penal Code 387 (1) (A) (C)

17) And Because I've also been denied Access to medical files. This A violati  
of my Due Process rights under the 6th and 14th Amendment. EXHIBIT (A3)

18) And upon this Being A Clear violation of my Civil Right according to 42 U.S.C. 1983  
also A 8th Amendment Violation For Deliberate Indifference. For NOT  
having medical care In A timely manner this is A TORT Complaint.  
For Inadequate Health care and Criminal Liability For Negligent Dangerous Practices

You may appeal any policy, action or decision which has a significant adverse affect upon you. With the exception of Serious CDC 115s, classification committee actions, and classification and staff representative decisions, you must first informally seek relief through discussion with the appropriate staff member, who will sign your form and state what action was taken. If you are not then satisfied, you may send your appeal with all the supporting documents and not more than one additional page of comments to the Appeals Coordinator within 15 days of the action taken. No reprisals will be taken for using the appeals procedure responsibly.

**SURGEON:** Brian H. Weeks, M.D.

**ANESTHESIA:** General endotracheal.

**ANESTHESIOLOGIST:** Barbara Menton, M.D.

**ESTIMATED BLOOD LOSS:** Minimal.

**OPERATIVE FINDINGS:**

1. Nasal obstruction.
2. Uvular mass.
3. Septal fracture.
4. Left sinus obstruction.
5. Uvulopharyngeal redundancy.
6. Tongue base hypertrophy.
7. Turbinate hypertrophy.

**COMPLICATIONS:** None.

**DISPOSITION:** The patient tolerated the procedure well, was extubated in the operating room and was taken to post-anesthesia care unit in stable condition.

**OPERATIVE REPORT IN DETAIL:** After informed consent was obtained, the patient was properly identified and was brought to the operating room and placed on the operating room table. After general endotracheal anesthesia was induced, the patient was prepped and draped in the standard surgical sterile fashion.

First the nasal septum was injected with 5 mL of 1% lidocaine with 1:100,000 epinephrine. The nose was packed with Afrin-soaked pledgets. First a transverse incision was made along the nasal septum. Then the mucoperichondrium was elevated. The nasal septum was visualized and found to have evidence of a nasal septal fracture. This fracture was isolated and the mucosa overlying it was elevated on both sides of the fracture line. An open repair of the nasal septal fracture was performed by gently elevating and realigning those edges of the cartilage.

Next, Septoplasty was performed. The submucous resection septoplasty was done by elevating and resecting the cartilage posterior to the fracture line and inferior to the fracture line. This was done by augmentation and resection of the cartilage. This was done at the bony and cartilaginous level. Dissection was carried down inferiorly toward the maxilla. The maxillary crest was isolated. There were large maxillary bone spurs bilaterally emanating into the nasal fossa. These were isolated and removed with the osteotome and a mallet. They were passed off the field as specimen. Further areas of obstruction were resected inferiorly. The mucoperichondrial leaves were then reapproximated using a running plain gut suture. The anterior incision was closed with interrupted chromic suture. Bilateral nasal endoscopy and polypectomy was performed. The 0 degree telescope was placed in the nose. The 4.0 shaver was used to remove polyps from the inferior turbinates bilaterally, completely debriding the nose, removing crusting and debris. The nose was irrigated and suctioned.

Next, attention was turned to the left nasal fossa. The uncinate process was incised and removed with a Freer. The antral meatus was identified and cannulated. A side-biter was used to gently widen the antral meatus. A large polyp was seen inside the maxillary sinus emanating from the anterior wall. This was isolated. The polyp was removed using a 4.0 shaver. The ethmoid bulla was taken down and anterior ethmoidectomy was performed. There was some involvement of mucosal disease but no purulence. The middle turbinate was trimmed at this level and one third was removed with the shaver. The nose was then suctioned. A nasal pack was placed in the middle meatus region. The nose was then suctioned. Bilateral Merocel sponges were trimmed, covered with Bactroban and placed in the nasal fossa.

Attention was turned to the oral cavity. The left tonsil was grasped and medialized. The tonsillar pillar was incised. The plane was identified. A circumferential submuscular tonsillectomy was performed. The tonsil was passed off the field as specimen. The pharyngeal wall was resected, aggressively resecting redundant tissue laterally down to the muscular layer. This was passed off the field as specimen.

Next the right tonsil was grasped and medialized. It was incised, the pillar was incised and the capsule was then identified. A circumferential

submuscular tonsillectomy was performed. The right pharyngeal wall was resected and passed off the field as specimen as well. This was done aggressively down to the muscular layer and the redundant tissue was removed.

Next the palatal mucosa was de-mucosalized on the surface. There were two uvular masses, which were present. These were resected using needle point cautery and two lesions were resected. They were passed off the field as specimen. The mucosa of the uvula was removed down to the muscular layer. A uvular mucosal flap was then elevated.

Next, the redundant palatal tissue was resected. A uvulopalatopharyngoplasty was performed, reapproximating the palate edges using interrupted 3-0 chromic sutures and a deep Vicryl suture at the apex of the uvula. A uvula mucosal flap was then advanced using the mucosa to close the palatal defect. This was again done with interrupted chromic sutures and a deep Vicryl suture. The uvular mass that had previously been resected was passed off the field as specimen.

Attention was turned to the tongue base. Bilateral tongue base reduction was performed by creating six lesions on each side of the tongue using the radiofrequency probe. Six hundred joules of energy were delivered at each site using appropriate impedance. This was done with the Jennings mouth gag in place. The tongue was gently grasped and handled atraumatically.

The mouth was irrigated and suctioned. No evidence of massive bleeding was present. The dentition were not harmed. An orogastric tube was in place in the stomach and it was decompressed with secretions. The patient was returned to the care of anesthesia at the conclusion of the procedure. All sponge and needle counts were correct at the end of the procedure. The patient tolerated the procedure well, was extubated in the operating room and was taken to the post-anesthesia care unit in good condition.
